

Green Lawnger® PRO HC

Advanced spray pattern indicator and turf colourant

Application:

Green Lawnger® PRO HC is tank mixable with most professional plant protection products, liquid fertilisers and biostimulants commonly used in turf management (for full tank mix compatibility details please contact your local supplier).

	Rate	Water Volume	Coverage
Green Lawnger® PRO HC	1.2L	300L minimum	1 Ha

Note: Allow sufficient drying time for the product to fully adhere to the plant before allowing access.

ALWAYS FOLLOW PESTICIDE MANUFACTURER'S LABEL DIRECTIONS

- Fill the sprayer tank 1/2 to 2/3 the total volume of water and begin agitation.
- Green Lawnger® PRO HC colorant should be added to the mix solution.
- Allow Green Lawnger® PRO HC colourant to fully disperse into mix solution before adding additional products.
- Fill remainder of the sprayer tank with water to the desired volume.
- Always apply any pesticide solution mix to the target site at the rate specified on the pesticide manufacturer's label.

For best results, use low to medium sprayer pressure. Avoid overspray on any area where colour is not desired, otherwise permanent staining may occur. Accidental overspray may be removed by a water rinse prior to drying.

Equipment Cleaning:

After application, always drain and clean the sprayer tank, pump, hoses, valves and nozzles as instructed by the pesticide manufacturer's label.

- After initial rinsing, the use of a spray tank cleaner will facilitate additional removal of pesticide residue from equipment.
- Do not leave pesticide mix solutions with Green Lawnger® PRO HC colourant in the sprayer tank overnight.

CAUTION:

Keep out of reach of children. If inhaled, move to fresh air and seek medical attention. In case of eye contact, flush with running water for 15 minutes and seek medical attention. On skin contact, wash thoroughly with soap and water. In case of ingestion, rinse mouth and drink plenty of water. Do not re-use this container. Rinse contents into the spray tank and crush prior to disposal. Waste must be disposed of or incinerated in accordance with local regulations. Safety data sheet available on request.

WARRANTY DISCLAIMER:

BASF plc warrants that this product conforms to the description on the label and is reasonably fit for the purpose stated on the label when used in strict accordance with the directions.

BASF PLC DISCLAIMS ALL OTHER WARRANTIES, EITHER EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

REMEDIES:

The remedy for injury or damage from this product is limited to, in BASF plc sole discretion, replacement of the product or refund of the purchase price paid. UNDER NO CIRCUMSTANCES SHALL BASF PLC BE LIABLE FOR INCIDENTAL, CONSEQUENTIAL OR SPECIAL DAMAGES.

LIMITATION OF LIABILITY:

No one is authorized to change or supplement, either verbally or in writing, the statements contained on the label. BASF plc and the seller are not liable for personal injury or property damage or loss, including crop damage or lack of performance, due to circumstances beyond their control, like a product user's failure to comply with the directions. Buyer and user assume all risks for these events.
